are not pulled out, this licking is usually harmless. If you feel a problem is developing in this regard, please call the hospital.

6) Sutures: Return in 10 days to have Meka's sutures removed. There is no charge for this service. We recommend that you phone ahead in order to keep your waiting time to a minimum.

7) Coughing: Some pets will have a mild cough after surgery due to the gas anesthetic or the endotracheal tube. This should not persist more than 24 hours.

8) Please notify the hospital if Meka develops any of the following:

- a. Vomiting after 24 hours.
- b. Diarrhea
- c. Refusal to eat after 24 hours.
- d. Severe pain.
- e. Continuous licking or pulling at the sutures.
- f. There is a change in Meka's general health or behavior.
