# ADOPTION CONTRACT

This adoption agreement is made this day, 12-8-12 between CHRISTINE CAGAN, hereinafter known as the ADOPTER, and Florida Shar-Pei Rescue, hereinafter known as RESCUE, for adoption of Rescue Dog described below:

Name TYLER Sex: M Approx. Age 6  
Breed SHAR PEI Color CREAM Coat Type BRUSHY  
Other identifying characteristics SCAR ON BACK - RIGHT FOOT

## TERMS of ADOPTION

I. RESCUE requires a donation of \$ 275 ~~280~~ for said rescue dog. This money is used to pay for the costs of obtaining the dog, veterinary fees, and related professional care. ALL funds donated to RESCUE serve to cover the costs of the dog being adopted, or existing and future animals. RESCUE never personally profits from the placement of any dog.

II. ADOPTER is encouraged to have a licensed veterinarian examine the dog within 72 hours of adoption. If the dog is not found to be healthy, as determined by a veterinarian within the 72 hour period, the ADOPTER may return the dog to the rescue for a refund. If the dog is found to be healthy, the ADOPTER accepts full responsibility for the health and temperament of the dog. RESCUE makes every attempt to determine and disclose any potential health problems.

III. It is RESCUE'S position that NO dog should be bred for any reason. Normally, any dog adopted from RESCUE is spayed or neutered. For puppies, ADOPTER agrees to have the dog neutered/spayed by the age of 6 months. If the dog is not altered prior to leaving RESCUE, ADOPTER agrees to have the dog spayed/neutered within a pre-determined time frame, and documentation of sterilization forwarded to RESCUE immediately.

IV. Upon receipt of the rescue dog and by signing this contract, the adopter assumes full responsibility for the dog's veterinary and routine care.

V. If the dog is returned to RESCUE within 30 days, except as outlined in part II, ADOPTER agrees to surrender \$100 of the adoption donation. After 30 days, RESCUE retains the entire adoption donation. All donations made to RESCUE are tax-deductible.

VI. If at any time, ADOPTER cannot, for any reason, keep the dog, RESCUE must be notified. Given foster space and resources available, RESCUE may not be able to accept physical return of the dog. RESCUE will make every effort to assist ADOPTER in re-homing the dog, including attempts at identifying potential new owners. If at any time ADOPTER wishes to re-home the dog, contact information for new owners must be forwarded to RESCUE. ADOPTER agrees to exercise great care and diligence in re-homing the dog.

VII. RESCUE does not knowingly offer for adoption any dog with a history of aggressive

# ADOPTION CONTRACT

behavior or biting. If the dog aggressively attacks or bites an individual under any circumstance, or other animal if unprovoked, it is the responsibility of the ADOPTER to address the behavior accordingly including but not limited to seeking professional training assistance or in some circumstances, euthanasia. Obvious exclusions to bite behavior rules, such as an individual who physically abuses or maliciously harms the dog, apply. However, RESCUE must recommend euthanasia resultant to most attack or bite incidents.

VII. ADOPTER agrees to follow and obey all applicable animal control laws and regulations and to license the dog within one month of adoption if required by local ordinance or law. ADOPTER also agrees to provide the dog with a form of identification, such as an ID tag on a collar, so a lost the dog can be returned. RESCUE advocates and implements use of microchip technology for identification. ADOPTER may list RESCUE as an emergency contact with microchip tracking organizations and is encouraged to update contact information as needed.

VIII. ADOPTER agrees to keep the dog as a household companion. To ensure the dog's safety when left unattended outside, the dog must be in a secure area with adequate shelter and water provided. Tie-outs are discouraged and must never be used unsupervised. The dog must never be allowed to run loose except in a secured area.

IV. ADOPTER agrees to keep this dog in his/her personal possession and provide humane treatment at all times. Furthermore, the ADOPTER also agrees to provide proper veterinary care and keep the dog current on all vaccinations. Veterinary-approved heartworm preventative is necessary as are some form of effective flea/tick prevention.

X. ADOPTER agrees that the dog will not be used for any illegal acts such as dog-fighting (including but not limited to fighting, fight training, or the promotion of dog fighting) or sold for experimental purposes. If RESCUE finds the dog is not being cared for in a humane manner, ownership of the dog will revert to RESCUE and ADOPTER reported to authorities to be dealt with according to applicable anti-cruelty laws.

XI. ADOPTER agrees that RESCUE cannot be held liable in any way for actions or deeds of said animal after adoption. RESCUE does not guarantee the dog's temperament or health other than those evaluations and/or medical treatments disclosed prior to or at the time of adoption. RESCUE attempts temperament and health screenings on all dogs coming into the program, but it is not possible to foresee all potential problems. RESCUE provides a general health check by a licensed veterinarian. All vaccinations are current and all known health problems are addressed before adoption. RESCUE will always be available for advice and consult.

Both RESCUE and ADOPTER have read and agree to all terms of this contract and consider it a binding agreement between themselves and their heirs and estates as witnessed by their respective signatures.
